

Chronic Disease Prevention Coalition

Task Force Updates

Tobacco Cessation Community/Clinical Linkages

Karen Ripke and Holly Joseph provided the Tobacco Treatment Specialist Training, during the week of June 5-8, 2017. This training was an intensive 4-day, in person, evidence-based program designed for health professionals to deliver intensive tobacco treatment services within a health care or community setting. Seven participants attended this training, representing District Health Department #10, Spectrum Health (Ludington), Spectrum Health (Reed City), Health Department of Northwest Michigan and Muskegon Family Care.

Northern Michigan Diabetes Prevention Collaborative

Laura Anderson conducted a Diabetes Prevention Lifestyle Coach training, on May 11-12, for members of the Northern Michigan CDCN. A total of 11 participants completed the training at the University Center in Gaylord. These new Lifestyle coaches will have the combined capacity to cover over 15 northern counties.

Policy, Systems, and Environmental Change

SAVE THE DATE
SEPTEMBER 22, 2017
